

## WINE OF THE WORLD

### OLD WORLD

Where winemaking first originated.

France, Italy, Spain, Portugal, Greece & Germany are Old World wine countries where winemaking has existed for millennia.

These wines are often described as tasting lighter, having less alcohol, having higher acidity, and more restrained, however there are plenty of exception.

### NEW WORLD

Where winemaking started during and after the age of exploration.

Examples are the United States, Australia, South Africa, Chile, Argentina, and New Zealand.

Although there are many exceptions, New World wines are often described as tasting riper, having higher alcohol, less acidity, and tasting fruitier.

Corkage fee is IDR. 250.000 Nett. Per Bottle
